

Homeward Bound, Addison County's Humane Society exists to educate the community and improve the lives of animals, alleviate their suffering, and elevate their status in society. We safeguard, rescue, shelter, heal, adopt and advocate for animals in need, while inspiring community action and compassion on their behalf.

We serve approximately 650 animals in the shelter every year and provide services and support for an average of 200 community animals annually. We operate programs to help curb pet overpopulation, provide support for low-income pet owners, and address issues of animal neglect and cruelty. We offer humane education on many levels, including a full day summer camp, and we have an ongoing volunteer program with 81 active volunteers.

We will apply any proceeds received from the Middlebury Coop's Rally for Change week to the costs providing direct animal care and medical services. All of the animals in our shelter receive spay/neuter services, vaccinations as needed, microchip identification, and other necessary medical procedures as recommended by veterinarians. Our 2016 budget for providing for spay/neuter and medical care is \$27,000.

We are grateful for support of the Middlebury Coop and to be named as a beneficiary of Rally for Change week.

Respectfully submitted,

Jessica Danyow  
Executive Director
