

Amanda Warren

Why I serve on the Board: We are all familiar with the refrain “voting with your dollars” as a shared value of conscious consumers. I choose to spend my money at the Co-op because I believe in this idea, and I choose to be a member of the Board of Directors because I similarly believe in the concept of “voting with your time “. Being a member of the Board allows me to “spend “my time committing to democracy.

My Favorite Co-op Item: Delicata Squash, grown at Golden Russet Farm

About Me: I have a Master’s in Elementary Education, and I have worked at Middlebury’s Bridge School since 2015
