Why I Serve on the Board

I've served on this Board for so many years—six of them as President—because I believe that our co-op is not only the most important organization in Addison County but also has the potential to make an even greater impact, especially for the thousands of our neighbors who we haven't reached yet.

My Favorite Co-op Item

Fresh ginger from Golden Russet: pale green, pink, yellow and explosive with flavor.

About Me

I've lived here, with my beautiful wife, for forty-five years. Raised two children here, who are now raising their own children here, and we see them all the time. I've traveled widely, for work and pleasure—from the Tongue of the Ocean to Annapurna—but always come back to this place in the mountains that we call home.
